

ENVIRONMENTAL GROUNDWORKS TECHNICIAN

The Marishal Thompson Group provides multi disciplinary environmental services and is one of the UK's leading independent providers of specialist arboricultural and environmental consultancy to the public and private sector.

We are currently in the process of recruiting an individual to work within the Environmental Groundworks division of the company which undertakes:-

- Installing underground tree root barriers
- Tree planting
- Ground investigations
- Air spade excavations
- Invasive weed management (Japanese Knotweed, Giant Hogweed)
- Amphibian/reptile fencing
- Species and habitat translocation

The ideal candidate will have:

- An understanding and experience within the field of arboriculture.
- Previous experience of practical work.
- Sound communication skills.
- High levels of self motivation and an ability to “roll-sleeves up” and work within a team environment.

This exciting opportunity is a hands on and at times physically demanding role with excellent potential for the right person to progress within the organisation. Location is South-East England

Apply in confidence to:
